

# CEO Healthcare ROUNDTABLE

June 5, 2020

## Fall 2020 Meeting Update

*We are going virtual*

Dear Members:

We hope you are well and wish you all the best during these challenging times for our healthcare leaders and health systems!

Recognizing the many financial and operational challenges being faced by our members, as well as the on-going concerns about travel and gatherings of individuals at meetings and conferences, we have made the difficult decision to cancel our upcoming **October 7-9 Roundtable at The Gwen Hotel in Chicago**.

All existing CEO Healthcare Roundtable memberships and dues that have already been paid for will be credited and extended to cover your attendance at the next Roundtable scheduled for **March 3 – 5, 2021 at the Omni Scottsdale Resort at Montelucia**. If your membership is up for renewal, we will be sending these out in November 2020 to cover your two meetings in 2021.

It is our goal to keep our membership engaged and taking advantage of the significant value derived from the networking and sharing that occurs among our members and the CEO Advisory Network partners at our Roundtables. We are excited to share that we will be hosting two interactive member Webinars to help keep our members connected and informed.

The Webinar schedule is below. You will be receiving an invitation with additional information about the speakers and how to access the meetings.

### Roundtable Webinar Schedule:

- **Wednesday, August 26, 2:00 – 3:30 EST**
- **Wednesday, October 28, 2:00 – 3:30 EST**

## New Meeting Webinars

### *Our Commitment*

As we temporarily move from our on-site meetings to a Webinar format, we will continue to bring you:

- High-Caliber Healthcare Forum
- National Speakers
- Relevant and Engaging Content
- Facilitated Discussions with our Members and Speakers
- Engagement with the Seasoned CEO's from the CEO Advisory Network

# Fall 2020 Virtual Meetings

## *COVID-19: Response to Recovery*

Following a brief presentation in each meeting by a national health system thought leader on the COVID 19 Recovery, participants will engage in active facilitated discussions and sharing about their health systems' and hospitals' experiences with the COVID crisis as well as actions they are taking to recover.

Specific areas to be discussed during the Webinars will include:

- How do we successfully move from “Response” to “Recovery”?
- Going forward, what will the “New Normal” look like for our patients, caregivers and health systems?
- What were the lessons learned? Failures? Successes?
- What Cultural changes and Leadership changes will be needed to succeed in the Post-COVID 19 future?

Based on the exceedingly high ratings for the member Roundtable discussion time at the February 2020 Roundtable, the Webinars will be structured to include facilitated open discussions and sharing of lessons learned, best practices, challenges and opportunities among our members.

Although we are disappointed by the decision to cancel the in-person October Roundtable, we are looking forward to engaging and connecting with all our CEO Healthcare Roundtable members during these two interactive Webinars.

We hope you will block the time on your calendars for both Webinars and plan on joining your CEO Healthcare Roundtable friends and colleagues as a participant!

Marty Hauser  
Facilitator, CEO Healthcare Roundtable

Alexis Matic  
VP Administration, The Healthcare Roundtable
